

■ **CRASH:** The RACQ Capricorn Helicopter Rescue Service chopper lands on the Development Road south of Middlemount to attend a crash on Saturday.

Helicopter called to accident

THE RACQ Capricorn Helicopter Rescue Service was called to a two vehicle motor vehicle accident on the Development Road 20km south of Middlemount on Saturday.

Local emergency services were able to secure a landing area for the helicopter on the road.

The onboard intensive care paramedic was then dispatched to a waiting ambulance near the crash site to treat one of the victims

inside.

A 46-year-old woman was stabilised with precautionary measures taken against spinal injury.

She was transferred onto the helicopter's stretcher with the assistance of the various emergency service personnel who had responded to the crash.

The helicopter then flew the woman back to Rockhampton.
